

## CIVIL ENGINEERING & CONSTRUCTION

We provide high-quality, certified fasteners and assemblies, streamlining your supply chain to save you significant time and money.

Our comprehensive manufacturing processes produce a wide range of fasteners and assemblies for the civil engineering and construction sector. CE and UKCA approvals for EN1090 EXC3 and EN15048 highlight our commitment to meeting strict industry and regulatory quality standards. Partnering with us, you can source all components from one supplier, have one contact for orders, and simplify quality document processing. Our goal is to save you time and money through better purchasing efficiency.

## EXAMPLES OF BESPOKE FORGED COMPONENTS

- BS7419 SQ SQ Bolts
- DIN 529 Bolts
- Hammerhead T-Bolts
- Plate Washers & Templates
- Bolt Tube Assemblies
- Punching Shear Reinforcement
- Galvanised Fasteners
- Tunnel Bolts
- Tensioning Systems & Tie Rods
- Bracketry
- Shackles
- Eye Bolts & Eye Nuts
- Fish Tail Bolts
- U-J-L-N Bolts
